---	---

Does the animal have any allergies (food, etc)? Yes  No  - if yes, what kind? \_\_\_\_\_

Does the animal need daily medication? Yes  No  -if yes, what medication? \_\_\_\_\_  
- did it get the medication this morning? \_\_\_\_\_

Do you need a certificate for insurance for this visit? Yes  No  Which insurance company? \_\_\_\_\_

Are there belongings that come with the animal (cage, collar, leash etc.)? \_\_\_\_\_

Do we have your permission to put a picture/video of your animal on our social media? Yes  No

We recommend taking a blood test before all anesthesia, especially for sick and old animals. (Price: 25-40.0000 kr.)

Yes, please  No  Already done

If a tumor is removed, we recommend sending it for histology and cytology examination (Price: ca 20.000kr):

Yes, I give permission  No, thank you

Before anesthesia/sedation dogs and cats need to fast from midnight (no food, water is ok). Rabbits and rodents should NOT fast.

Has your animal been fasting since midnight? Yes  No

We want animals to wake up at the hospital after sedation/anesthesia so we can closely monitor them.

Animals are usually picked up between 15-16, unless otherwise stated.

I, undersigned, understand there are risks and side effects when it comes to giving  
medicine/anesthesia/sedation. - Yes

Signature: only needed if this form is filled out at the hospital
